Pilots – Validation Workshops

4

Countries

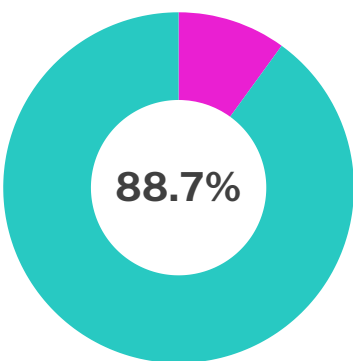

52

Teachers

51

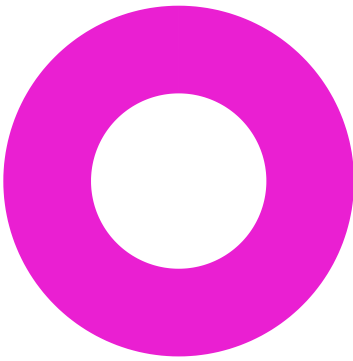

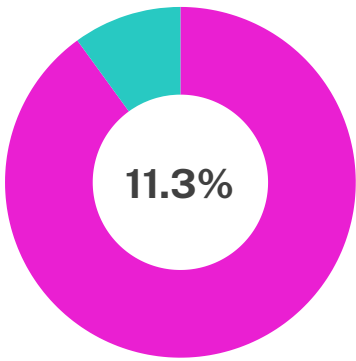

Students

Throughout months 25-29 of the AI4STEM project, the Validation workshops took place in 4 partner countries with a total of 52 teachers and 51 students participating!

Overall, almost 90% of the participants expressed their satisfaction during the pilot testing phase by grading the results with 4 & 5 out of 5.

Whereas 11.3% expressed a neutral position by grading with a 3 out of 5.

0% provided negative comments towards the training, as zero responses graded with 1 & 2.
